# LET'S GET STARTED **CAR SHOW SIGN**

## ABOUT US PHOTOS, SIGNS AND BANNER

We have been making some of the Best Car Show Display Boards for over 20 years. Creating several new designs and set the industry standards for display information about your vehicle

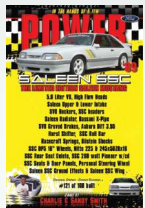

I've traveled for 25+ years around the country, visiting car shows and special events taking 1000's of photos and talking to vehicle owners and looking at car show signs, trailer art & banners.

Currently we offer several types of Signs, including our latest design, shown below, which is printed on aluminum and created a new "over the top" Stand. You can see photos in this brochure.

Drop me a note if you have questions about anything.
